EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Derek Mason on March 2, 2006.

The application has been amended as follows:

Cancel claims 1-13.

Allowable Subject Matter

Claims 14-20 are allowed and renumbered to claims 1-7.

The following is an examiner's statement of reasons for allowance:

Claim 14 is directed to a composition comprising a lamellar structure *consisting of* one or more fatty acid monoglyceride(s), and one or more of vitamin A and vitamin A precursor(s), derivative(s) and decomposed product(s) thereof, and cholesterol.

Mathur et al. (US 5260065) teaches lamellar structures which contain a blend of two different types of lipids, vitamin A, and cholesterol. While the Mathur primary lipids include the fatty acid monoglycerides of the present invention, the reference teaches that a secondary lipid is required to form a lamellar structure. Since the present claims exclude any other component other than fatty acid monoglyceride(s), vitamin A, and cholesterol in the lamellar structure of the present invention, the present invention is viewed nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gina C. Yu whose telephone number is 571-272-8605. The examiner can normally be reached on Monday through Friday, from 9:00AM until 5:30 PM..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sreeni Padmanabhan can be reached on 571-272-0629. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
